

Position: Apprentice Millwright | Service Technician

Location: Prince George, BC

- Exciting opportunity for a motivated individual looking to join a market leader
- Be productive at work every day in a role that combines hands-on service and mechanical aptitude
- Join a team-based culture and enjoy great benefits, including flexible group extended health, dental and life insurance, health and wellness spending accounts and Group RRSP Matching Program

About the Organization:

Skeans Pneumatic and Automation Inc. is one of Western Canada's leading Pneumatic & Electrical Automation and Compressor Room Systems distributors, with six full-service locations in British Columbia, Alberta, Saskatchewan and Manitoba.

For 50 years, our family owned and managed company has provided automation and compressed air solutions to a diversified industry base across Western Canada.

Whether our clients need a compressed air energy audit, special pneumatic cylinder designs, electric actuation, robotics, optical sensors or machine safety systems, we have the right solution! To learn more about us, please visit our [website](#).

About the Opportunity:

Skeans Pneumatic and Automation Inc. has an opportunity for an **Apprentice Millwright | Service Technician** to join our team in Prince George, BC. You will be a valuable contributor to the Compressor Room Solutions team including value added services and in house rebuild support.

With apprenticeship potential, the position will gradually learn and gain experience working to assist the Journeyman Millwright, Service Technicians in the responsibilities of our in-house value-added service, compressor maintenance and general shop and building maintenance.

With strong mechanical aptitude and pride in work, this position requires the ability to assist in value added and build of materials (BOM) to build and repair components for customers. The position contributes to adding value for our customers and meeting service timelines on an ongoing basis, as well as adapting to changing priorities.

You will also be required to carry out the following duties:

- Assist in warehouse receiving and off-loading raw materials
- Maintain cleanliness of the warehouse, rebuild shop, backyard and area surrounding the building
- Ensure equipment and tools stored properly and neatly at end of day
- Work on shop projects as required
- Perform CRS technician work with Millwrights when appropriate:
 - Assist and learn compressor room maintenance, installs, overhauls, and piping system installations
- Warehouse and Customer Service assistance as appropriate
