

Position: Shipper & Receiver

Location: Winnipeg, MB

- Exciting opportunity for a motivated individual looking to join a market leader
- Be productive at work every day in a role in shipping and receiving, doing hands-on work in the warehouse and supporting our customers.
- Join a team-based culture and enjoy great benefits, including flexible group extended health, dental and life insurance, health and wellness spending accounts and Group Financial Savings & Employer Matching Program

About the Organization:

Skeans Pneumatic and Automation Inc. is one of Western Canada's leading Pneumatic & Electrical Automation and Compressor Room Systems distributors, with seven full-service locations in British Columbia, Alberta, Saskatchewan, and Manitoba.

For 50 years, our family owned, and managed company has provided automation and compressed air solutions to a diversified industry base across Western Canada. By establishing strong partnerships, we connect automation with customer driven innovation, adding value and finding innovative solutions to some of the most important manufacturing issues facing businesses. From generation to actuation, our rotating equipment, pneumatic and electric automation solutions help our customers improve productivity and profitability and create a safer work environment.

Whether our clients need a compressed air energy audit, special pneumatic cylinder designs, electric actuation, robotics, optical sensors, or machine safety systems, we have the right solution! To learn more about us, please visit our [website](#).

About the Opportunity:

Skeans Pneumatic and Automation has an opportunity to fill the role of **Shipper & Receiver** in support of our team and customers.

Working in the warehouse, this role will include:

- Pulling customer orders
- Pack and ship customer orders accurately, securely and in a timely fashion for transport to customer site
- Dispatching couriers
- Stocking shelves and execution of inventory controls
- Assisting with cleanliness of the warehouse including sweeping of the floor, emptying of garbage and recycling; may include general building and/or yard maintenance as required

The goal of this position is to assist in achieving a well-organized and maintained warehouse facility and to provide our customers with the most efficient supply of goods possible. SKEANS sells a wide range of products from items smaller than the end of your finger to full truck load equipment.

Secondarily, this role will have the ability to assist our customer service and sales team by:

- Building and repairing components for customers, Build of Materials (BOM)
- Supporting walk-in customers in office

The junior position contributes to adding value for our customers and meeting delivery timelines on an ongoing basis, as well as adapting to changing priorities.

We connect *Automation* with *Customer driven Innovation*

SKEANS.COM

Experience counts, but most of all you must have a positive attitude, a willingness to be versatile and flexible, as well as take responsibility for what you do. Warehouse experience will be considered an asset.

While working both independently and collaboratively with our team, sufficient physical strength and stamina are required to safely meet the demands of the work, including good hearing, good eyesight, manual dexterity, and hand/eye coordination. Good theoretical and practical mathematical skills and mechanical aptitude are an asset.

Our close-knit team at SKEANS all strive to embody our values of: Trust, Knowledge, Respect, Teamwork, Family, and Fun and ideally our successful new candidate will do the same.

About the Benefits:

In exchange for your hard work and dedication, you will be rewarded with a **competitive remuneration package** based on your skills and experience. You will also receive a great range of benefits, including:

- Continuing Education financial support
- Comprehensive group insurance
- Extended group health and dental benefits
- Healthcare and Wellness Spending Accounts
- Group Financial Savings & Employer Matching Program
- Comprehensive internal and external training programs
